SUBJECT: 2014 Annual National Environmental Policy Act Planning Summary
(OS-ETSD-14-003)

Dear Citizen:

Compliance with the letter and spirit of the National Environmental Policy Act (NEPA), our national charter for protection and enhancement of the environment, is a major priority of the Department of Energy (DOE). The NEPA process provides an opportunity to improve the quality of the Department's decisions through public involvement.

In accordance with DOE Order 451.1B, which delineates the Agency's internal requirements and responsibilities for implementing NEPA, the DOE Idaho Operations Office has prepared its Annual NEPA Planning Summary for 2014 which is enclosed for your information. The summary describes planned and ongoing NEPA compliance activities at the Idaho National Laboratory.

The Annual NEPA Planning Summary is provided to help improve the level of communication between the public and DOE. If you have any questions or comments concerning the summary or the actions it describes, please contact our NEPA Compliance Officer, Jack Depperschmidt, at (208) 526-5053.
