real threat is so we can inform the community so
they can make an informed consent under the U.N.
Declaration on Human Rights because to be
unnecessarily exposed would — under our
Constitution supremacy vote violate the
Declaration on Human Rights, that right to life
and having it arbitrarily taken away and also
the rights under due process of the
Constitution. They would -- Fourth and Fifth
Amendment Rights, they would not arbitrarily be
deprived of their life and property -- be
dispossession of that without any kind of due
process of the law such as an arrest and
invitation to trial and a conviction, which is
usually the grounds in our society for taking
away things from people, you know, under our
Constitution, our rule of law.

So, that’s basically all I have to
say.

PETER RICHARDSON: Thank you.

ED MARTISZUS: Thanks a lot.

PETER RICHARDSON: Thank you, sir.

I’ll ask the question again. If
anyone in the audience who has not yet had an
opportunity to comment would like to do so,
accordance with our Tri-Party Agreement and regulatory requirements. The impact of onsite wastes on the inadequate budget of Hanford and the environmental impacts of any diversion of Hanford cleanup funds must be factored into decisions on onsite wastes and should be thoroughly analyzed in this EIS. The Hanford cleanup dollars should not be used to subsidize the receipt, treatment, and/or storage of onsite wastes.

We would appreciate being consulted as this process continues forward, particularly when a preferred alternative or other decisions are being considered which might impact Hanford.

Very truly yours,

Marilyn B. Reeves, Chair
Hanford Advisory Board

PLEASE WAIT TILL YOU GET THE MONEY, KNOWLEDGE, OR RIGHT PROCEDURE TO TREAT ALL THE WASTE PROPERLY.

FIX YOUR TANKS, BUILD NEW BUILDINGS, WHATEVER IT TAKES! ONCE YOU MOVE IT UNSAFELY, YOU JUST SPREAD THE PROBLEM.

I DON'T KNOW HOW THE EPA IS LETTING THIS HAPPEN NOW, YOU SHOULD BE ORDERED TO STOP.

P.S. BURE = BIG NASTY F**ING WARS, F**K!

THANKS!!
