These special demand deposits must be kept separate from the Contractor’s general or other funds, and the parties are agreeable to so depositing said amounts with the Financial Institution.

II. COVENANTS

In consideration of the foregoing, and for other good and valuable considerations, it is agreed that:
1. The DOE shall have a title to the credit balance in said account(s) to secure the repayment of all funds transferred to the Contractor, and said title shall be superior to any lien, title, or claim of the Financial Institution or others with respect to such accounts.

2. The Financial Institution shall be bound by the provisions of said Contract between DOE and the Contractor relating to the transfer of funds into and withdrawal of funds from the above special demand deposit account(s), which are hereby incorporated into this Agreement by reference, but the Financial Institution shall not be responsible for the application of funds properly withdrawn from said Account(s). After receipt by the Financial Institution of written directions from the Contractor, the Financial Institution shall act thereon and shall be under no liability to any party hereto for any action taken in accordance with the said written directions. Any written directions received by the Financial Institution from the Contractor, and purporting to be signed by, or signed at the written direction of the Contractor may, insofar as the rights, duties, and liabilities of the Financial Institution are concerned, shall be considered as having been properly issued and filed with the Financial Institution by the Contractor.

3. Such financial records shall be preserved by the Financial Institution for a period of six (6) years after the final payment under this Agreement.

   Idaho Falls, ID 83415-3115

5. The Contractor shall authorize funds that shall remain available to the extent that obligations have been incurred in good faith thereunder by the Contractor to the Financial Institution for the benefit of the special demand deposit account(s). The Financial Institution agrees to honor upon presentation for payment all payments issued by the Contractor and to restrict all withdrawals against the funds authorized to an amount sufficient to maintain the average daily balance in the special demand deposit account in a net positive and as close to zero as administratively possible.

The Financial Institution shall draw funds from an Automated Standard Application for Payment (ASAP) 1031 system account at the Federal Reserve Bank of Richmond (FRB-Richmond) for credit to the Contractor's account. The Financial Institution must determine the cutoff time for processing payments and deposits to ensure same day credit. The draw down is affected by sending an online request for funds (type code 1031) to FRB-Richmond via Fedwire by 5:45 p.m. Eastern time.
The Financial Institution agrees to service the account in this manner based on the requirements and specifications contained in Agreement 00040003, effective December 17, 2009. The Financial Institution shall calculate the monthly fees based on services rendered and invoice the Contractor. The Contractor shall issue a check or automated clearinghouse authorization transfer to the Financial Institution in payment thereof.

OR

The Financial Institution agrees to service the account in this manner based on the requirements and specifications contained in Agreement 00040003, effective December 17, 2009, in consideration of the placement by DOE of a noninterest-bearing time deposit with the Financial Institution in an amount agreed upon as shown on the form "Calculation of Time Account Balance Required" contained in the Financial Institutions proposal dated January 3, 2005. The Financial Institution agrees that per-item costs, detailed in the form "Schedule of Financial Institution Processing Charges," contained in the Financial Institution's aforesaid proposal will remain constant during the term of this Agreement. The Contractor shall withdraw $2,880,417.0 in funds from the special demand deposit account and use such funds to make a noninterest-bearing time deposit in a separate account in the Financial Institution. This account will hereinafter be defined as the time deposit account. The funds in the time deposit account will remain on deposit and shall not be withdrawn or used for any purpose without the authorization of DOE. The amount of the deposit may be adjusted upward or downward, but only with the approval of DOE

6. The Financial Institution shall post collateral, acceptable under Department of the Treasury Manual I TFM 6-9000, with the Federal Reserve Bank in an amount equal to the net balances in all of the accounts included in this Agreement (including the noninterest-bearing time deposit account), less the Department of the Treasury-approved deposit insurance.

7. This Agreement, with all its provisions and covenants, shall be in effect for a term beginning on December 17, 2009 and ending January 31, 2015, unless earlier terminated as provided in this Agreement.

8. DOE, the Contractor, or the Financial Institution may terminate this Agreement at any time within the Agreement period upon submitting written notification to the other parties 90 days prior to the desired termination date. The specific provisions for operating the account during this 90-day period are contained in Covenant 11.

9. DOE or the Contractor may terminate this Agreement at any time upon 30 days written notice to the Financial Institution if DOE or the Contractor, or both parties, find that the Financial Institution has failed to substantially perform its obligations under this Agreement or that the Financial Institution is performing its obligations in a manner that precludes administering the program in an effective and efficient manner or that precludes the effective utilization of the Government's cash resources.

10. Notwithstanding the provisions of Covenants 8 and 9, in the event that the Contract, referenced in Recital (1.1.) between DOE and the Contractor is not renewed or is terminated, this
Agreement between DOE, the Contractor, and the Financial Institution shall be terminated automatically upon the delivery of written notice to the Financial Institution.

11. In the event of termination, the Financial Institution agrees to retain the Contractors’ special demand deposit account(s) for an additional 90-day period to clear outstanding payment items. During this 90-day period, DOE shall place on deposit in that Account(s) sufficient funds to cover all outstanding payment items presented for payment. All service charges shall be consistent with the amount in effect during the period of this Agreement.

The Financial Institution has submitted the forms entitled “Technical Representations and Certifications”, “Schedule of Financial Institution Processing Charges”, and “Calculation of Time Account Balance Required.” These forms have been accepted by the Contractor and the Government and are incorporated herein with the document entitled “Financial Institution’s Information on Payments Cleared Financing Arrangement” as an integral part of this Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement, which consists of five pages, including signature pages, to be executed as of the day and year first above written.
