(a) Performance of this work under this contract shall be subject to the technical direction of the Contracting Officer’s Representative (COR). The term “technical direction” is defined to include, without limitation:

(1) Providing direction to the Contractor that redirects contract effort, shift work emphasis between work areas or tasks, require pursuit of certain lines of inquiry, fill in details, or otherwise serve to accomplish the contractual Statement of Work.

(2) Providing written information to the Contractor that assists in interpreting drawings, specifications, or technical portions of the work description.
(3) Reviewing and, where required by the contract, approving, technical reports, drawings, specifications, and technical information to be delivered by the Contractor to the Government.

1. Constitutes an assignment of additional work outside the Statement of Work;
2. Constitutes a change as defined in the contract clause entitled, “Changes;”
3. In any manner causes an increase or decrease in the total estimated Contract cost, the fee (if any), or the time required for contract performance,
4. Changes any of the expressed terms, conditions, or specifications of the contract; or
5. Interferes with the Contractor’s right to perform the terms and conditions of the contract.

(d) All technical directions shall be issued in writing by the COR.

(e) The Contractor must proceed promptly with the performance of technical direction duly issued by the COR in the manner prescribed by this clause and within its authority under the provisions of this clause. If, in the opinion of the Contractor, any instruction or direction by the COR falls within one of the categories defined in (c)(1) through (c)(5) of this clause, the Contractor must not proceed and must notify the Contracting Officer in writing within five (5) working days after receipt of any such instruction or direction and must request the Contracting Officer to modify the contract accordingly. Upon receiving the notification from the Contractor, the Contracting Officer must:

3. Advise the Contractor in writing within a reasonable time not to proceed with the instruction or direction of the COR.
